

UNIVERSITY OF ILLINOIS College of Fine and Applied Arts

Transfer Information

Students may find that many requirements for the suggested programs are not available at some community colleges. If you are substituting courses for those on the approved sequence, consult with the College of Fine and Applied Arts contact to determine if the substitute courses are acceptable. If courses or course substitutions are not available, transfer should be considered prior to completion of two full years of study at the community college. **Most Fine and Applied Art programs are open for fall semester transfer only.**

General Education Requirements

All FAA students must fulfill the University of Illinois' campus-wide General Education requirements prior to graduation. Courses which satisfy these categories are constantly being added to or deleted from this list of courses and the current list is maintained on the Internet and is located at <http://illinois.edu/goto/gened>.

1. **Language Requirement:** All transfer applicants must have completed either through the third level (three years) of one language other than English in high school or through the second level (2 semesters) of one language other than English in college prior to the desired term of entry. It is strongly encouraged that transfer applicants complete the Language Requirement for graduation for this college prior to the desired term of entry, which is completion through the third level (3 years) in high school or third level (3 semesters) in college of one language other than English for most programs of study in this college. Students completing programs of study in Art History, Music History, and Music/Vocal Performance have different Language Requirements for graduation. Please consult with each department's academic advisor or the FAA college office for the specific Language Requirements for each program of study.
2. **All transfer students must complete coursework equivalent to the following University of Illinois' General Education requirements: Composition I and an equivalent course which satisfies the first course of a two-course Quantitative Reasoning requirement prior to transfer.**
3. **PLEASE NOTE:** Course pattern requirements for admission are expected to be completed by the desired term of entry. In rare instances, a student may be admitted before the course pattern is complete. The student will still be obligated to finish the pattern at the University of Illinois prior to degree certification.

No community college program of study is suggested for Dance, Music Composition, or Theatre. Because professional coursework is required during the first year of these curricula at the University of Illinois and because such coursework is usually not available at community colleges and many four-year institutions, prospective transfer students are urged to take appropriate general education courses and apply for transfer to the University of Illinois during their first year at a community college. In addition to the academic transfer requirements and completion of the College of FAA's Language and Quantitative Reasoning Requirements for transfer admission, consideration for admission for transfer students is based primarily on a prospective applicant's successful **audition and/or portfolio** and an acceptable transfer GPA. Please see websites and contact information listed below.

Some FAA applicants must complete a Statement of Professional Interest focusing on their selected curriculum. The statement and instructions for completion of the Professional Interest Statements as well as information regarding interviews, portfolio reviews, and/or auditions are available on the FAA unit web sites. The program phone number and contact information follow each web URL:

Transfer students intending to apply to the **Music Open Studies Program** should contact Joyce Griggs in the School of Music office at 217/244-9879 for more information.

Architectural Studies

A 6-semester sequence of architectural design is required for this 4-year degree program. Consequently students should plan on applying for admission after completion of one year at a community college. Any college coursework taken at the University of Illinois to address an admission deficiency will not count toward graduation requirements. Several Illinois community colleges have a 2-year articulated course agreements in architecture (COD, Harper, ICC, LCCC and Triton).

Limited facilities necessitate a quota for the admission of transfer students. **A minimum cumulative grade-point average of 3.20 (A=4.00) for transferable courses is usually required to be competitive for admission.**

PLEASE NOTE: Course pattern requirements for admission in *red italics* are expected to be completed by the desired term of entry. In rare instances, a student may be admitted before the course pattern is complete. The student will still be obligated to finish the pattern at the University of Illinois prior to degree certification.

Admission requirements for **sophomore** transfer include the completion of equivalent coursework to the following University of Illinois courses or requirement(s):

*MATH 220, Calculus or MATH 221, Calculus I
MATH 231, Calculus II
or PHYS 101, College Physics: Mech & Heat
RHET 105, Principles of Composition¹
Language Requirement²*

Admission requirements for **junior** transfer:

A student should plan to transfer upon the completion of their freshman year unless they are attending one of the community colleges with 2-year articulated course agreements (COD, Harper, ICC, LCCC and Triton). If these colleges are not available, junior transfers will most likely need to complete three years of coursework at the University of Illinois.

Completion of equivalent coursework which satisfies the following University of Illinois General Education³ categories prior to transfer is **highly recommended**:

Cultural Studies: Non-Western/U.S. Minority Culture(s)
Cultural Studies: Western/comparative Culture(s)
Humanities & the Arts
Social & Behavioral Sciences

¹ At most institutions the equivalent requires a two-course English composition sequence.

² Please refer to Page 1 for more information about the Language Requirements for transfer admission and graduation.

³ Information about the University of Illinois' General Education requirements is located at: <http://illinois.edu/goto/gened>.

Art Education

Application after the first year is highly recommended because the student will be in sequenced courses for three additional years to complete the degree of Bachelor of Fine Arts at the University of Illinois. The University of Illinois' Art curricula sequences begin in the fall semester; consequently, transfers are only accepted for fall enrollment.

The courses listed below parallel the Art Foundation program at the University of Illinois. Applicants who have not completed all the required art courses, but who have completed the **Language** and **Quantitative Reasoning** requirements listed on Page 1, should apply for admission to the Art Foundation program.

Minimum requirements for admission are a grade-point average of 3.0 or higher (A=4.00), a successful portfolio review, interview (in person or by phone), and successful completion of the Illinois Certification Test of Basic Skills¹. Information on how to register for the test is available at www.icts.nesinc.com. **Transfer applicants should register for a test date at least one semester in advance of their Illinois enrollment** and request that the score be reported to the University of Illinois at Urbana-Champaign. **Your application is incomplete until a passing score on this test has been received.** Continuation in the certification track of art education is dependent on passing a criminal background check and blood-borne pathogens training. These must be completed by the end of the first semester on campus.

PLEASE NOTE: Course pattern requirements for transfer admission in *red italics* are expected to be completed prior to the desired term of entry. In rare instances, a student may be admitted before the course pattern is complete. The student will still be obligated to finish the pattern at the University of Illinois prior to degree certification.

Admission requirements for sophomore transfer include the completion of equivalent coursework to the following University of Illinois courses or requirement(s):

Art History²
ARTF 102, Drawing I³
ARTF 103, Design I, Workshops
ARTF 104, Drawing II
ARTF 105, Design II, Workshops
RHET 105, Principles of Composition⁴

Art Foundation

Applicants who have not completed the recommended sequence of courses for admission directly to an art major, but who have completed the **Language** and **Quantitative Reasoning** requirements, should apply for admission to the Art Foundation program. Students admitted to the Art Foundation program should anticipate an additional 8 semesters of study in sequenced courses will be needed to complete the degree of Bachelor of Fine Arts.

A **portfolio review** is **required** for admission to the Art Foundation program.

Minimum requirements for admission are a grade-point average of 3.0 or higher (A=4.00) and a successful portfolio review.

PLEASE NOTE: Course pattern requirements for admission in *red italics* are expected to be completed by the desired term of entry. In rare instances, a student may be admitted before the course pattern is complete. The student will still be obligated to finish the pattern at the University of Illinois prior to degree certification.
